

Establishing an E-mail Address of Record

Under the new FCC rules governing the use and disclosure of Customer Proprietary Network Information (CPNI), there are certain circumstances under which Griswold Communications may be permitted to respond to your inquiries regarding call detail information or certain account information only by calling the telephone number listed on the account or sending such information to the mailing address or electronic address of record. Your mailing address of record is the billing address for your account. If you wish to establish an electronic address of record, you must notify us of the e-mail address you wish to designate as your electronic address of record. **In order to be considered an electronic address of record, the designated e-mail address must be on file with the company for at least thirty (30) days.** This form will establish an e-mail address as an electronic "address of record" only for purposes of service and account inquiries, including inquiries relating to CPNI. This form will not change the billing address for your account. If you wish to establish an electronic address of record for service and account inquiries, please take this opportunity to complete the section below and mail it back to us.
